To our Parents, Caregivers & Community

We are half way through Term 3 already and we have experienced a really positive few weeks regardless of the winter bugs and rain.

We have the painters at school currently continuing the great work that commenced last year, cleaning and repainting additional buildings with our new colour scheme. We will have our school looking as good on the outside as it feels on the inside before long!

Julie Boulton from Shell Todd Oil Services called to school this week bearing IT gifts. The computer monitors and laptops will be put to good use. We thank Julie and the team at STOS for their on-going support, it is really appreciated.

The winter sports exchange with Hawera Intermediate School had to be postponed this week due to the heavy rain. We will travel to Hawera next Tuesday, 25th of August for the competition.

Our Home & School committee do a fantastic job running the canteen and raising funds to assist our school and its students. Thank you to all of our Home & School mums who have contributed to many fund raising events and projects throughout the year, but more importantly your support and advocacy of our Intermediate School.

Megan and the Life Education Trust have just completed their ‘Body Systems’ programme with our classes. This ties in well with the school wide Health focus this term, including positive puberty. The feedback from Megan about her experience was positive. She looks forward to returning with Harold next year.

This week’s list of thank you’s include a visit from two woman, grandmothers, who called to my office wanting to gift a portion of their earnings to the school to help our students. Sandra Ngarotata and Annie Niwa make and sell Fry Bread at the Knox Church market. Thanks to you both and good luck with your venture.

Lastly, we have coaches from Netball Taranaki taking in-class skills training this term. We are grateful for the knowledge, skill and contribution to teaching and learning here at Manukorihi Intermediate.
